Attn: -

We the federal bureau of investigation (FBI) would like to keep you informed that we recently had a meeting with the Executive Director of National bank of Egypt in the person of [REDACTED] and the Financial Secretary [REDACTED] along side some top officials of the ministry regarding your fund and they made us to understand that your file have been held in a base depending on when you personally come for the claim. They also told us that the only problem they are facing right now is that some con artists are using this project as an avenue to scam innocent people off their hard earned money by impersonating the Executive Director and National bank of Egypt. We were also made to understand that a lady by name [REDACTED] from Chicago already contacted the bank and also presented all necessary documents evidencing your claim purported to have been signed personally by you prior to the release of your benefit valued at about us\$10,000,000.00 (ten million dollars) but National bank of Egypt office did the wise thing by insisting on hearing from you personally before they go ahead on wiring your fund to the bank information which was forwarded to them by the above named lady, for this reason we were contacted so as to assist the bank in making their investigations. A checking account will be set up and your benefit valued at \$10,000,000.00usd will be transferred into your designated bank account. This mode of transfer is safe, easy and also faster without any further delay. They further informed us that we should warn our dear citizens who must have been informed of the inheritance
